

## SPECIFICATIONS

**PROJECT: TOWN of PRESQUE ISLE**

**SITE TOWN PIT**

Scope of Work:

Road gravel is to be produced in the Township Pit on Van Vliet Road according to 1996 Wis. Dot. specifications. Gravel is to meet Gradation #2 specifications, from Section 304. Payment for this material will be by the cubic yard using a unit weight of 3000# per cubic yard, and is for producing and stockpiling of road gravel and rejecting sand as needed to meet the specifications.

### SCHEDULE OF PRICES

| ITEM DESCRIPTION  | UNIT OF MEASURE | QUAN TITY | UNIT BID PRICE \$ | TOTAL\$ |
|---|-----------------|-----------|-------------------|---------|
| Produce and stockpile gradation #2 rod gravel per specifications in town pit. | Cubic Yards     | 15,000    |                   |         |
| Reject 5/16" sand as required to meet Town specifications.                    | Cubic Yards     | 10,500    |                   |         |
|   |                 |           | TOTAL \$          |         |

### SPECIAL PROVISIONS

1. The Town Chairman or Town Foreman reserves the right to inspect the gravel and have the contractor reject more sand on his request. Reject sand is to be no larger than 5/16" so it can be used for winter salt sand.
2. The actual quantity of gravel produced will vary dependent upon cost per cubic yard and the quantity shown above is valid for this range of production.
3. Payable in two payments if completed in 2017 with half in 2017 and the balance January 2018.
4. Stumping, stripping, and reclamation will be done by the Town. Any additional work will be done by contractor on a time and material basis.
5. The Town of Presque Isle reserves the right to reject any or all bids or to accept the bid deem most advantageous to the town
